Curious STUFF

SNAKE CHARMER

The latest from Edelman Leather includes **real python skin** from Southeast Asia. The hides are approximately 15 to 18 feet long by 8 to 12 inches wide and are sold by the meter. Because of the long, narrow size and delicate scales, python is best used for pillows, decorative items, or walls. **EDELMAN LEATHER (TO THE TRADE), 710 DALLAS DESIGN CENTER, 214-748-6666.**
