comfort seating

Edelman Leather takes the first step into furniture production with the introduction of **The Glenlivet Chair**. Arthur Edelman, the president of Edelman Leather, wanted the perfect chair in which he could relax and drink his favorite Scotch. The result is the Glenlivet Chair, which is comfortable, luxurious and upholstered entirely in the legendary, 200-year-old vintage Scotch Grain leather that, like the whiskey, improves with age—making it the perfect family heirloom and the best seat in the house.

tommy bahama takes you to jimbaran bay

No need to pack a bag. This trip to Jimbaran Bay will not leave you jet-lagged; it's the newest line of furnishings from Tommy Bahama. Jimbaran Bay, named for one of the world's most alluring tropical locales on the South Pacific coast of Bali, is a collection that captures the region's unique flavor and architecture, creating the primitive and sophisticated style that denotes Tommy Bahama.
