

# COWHIDE OTTOMANS AND STOOLS

## product overview

Find a place to pause with our natural cowhide ottoman series where subdued styling and understated details executed with artisanal precision come together making these a perfect 'drop-in' moment for any setting. By upcycling materials from the farming industry, we consciously extend the materials' usefulness into one of purpose and enjoyment for generations to come.

### CONSTRUCTION

European natural hair-on cowhide covering. Multi-density foam is applied over a hardwood frame for both comfort and product longevity. Seat features two waterfall edges allowing of a smooth transition, single-blind seams are used everywhere else. Nylon glides.

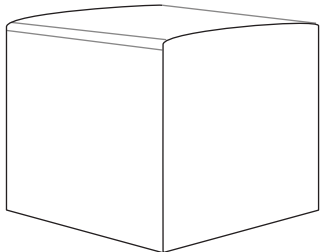

### UPHOLSTERY

Available in our range of natural Cavallini cowhides. Additional Cavallini colors, or leather from Edelman's upholstery collection are available on a made-to-order basis. Custom sizes possible upon request.
