USING EDELMAN EDGE CLEANER & RESTORER

- EDGE Cleaner & Restorer replenishes natural oils and protects leather from future stains and spills.
- Dust, vacuum, or remove any loose topical dust and soil from the leather.
- Pre-test EDGE Cleaner & Restorer in an inconspicuous area before use. It is not recommended for use on pure aniline leathers.
- Spray EDGE Cleaner & Restorer directly onto a soft, lint-free cloth. Gently blot the soiled area. If stain remains, continue using in a circular motion with light to moderate pressure. Do not scrub.
- Allow to air dry and repeat if necessary.
